

ELEVATOR UPGRADE IN PROGRESS

Transforming our lobby and guest elevators for a smoother, smarter and more comfortable stay.

Now 70% Complete

As part of our ongoing enhancements at **ibis Singapore on Bencoolen**, we are upgrading our elevators to improve guest comfort, reliability and overall convenience.

Smoother Rides

2.5 m/s lift speed - up to 43% faster than previous 1.75-2.0 m/s.

Improved Reliability

Upgraded systems designed for more efficient daily performance.

Energy-Saving Features

Modern lift technology, LED lighting and smart standby functions to support lower energy use.

Guest Comfort First

A refreshed arrival experience aligned with our commitment to comfort and sustainability.
